SELECTMEN'S REPORT

The financial operation of the Town during the past year resulted in a net loss of \$393.05. It will be noted, however, by referring to page 5 that this amount includes the payment of a portion of our Bonded Debt and interest thereon, totaling \$3,632.50.

In continuation of our program to acquire equipment needed to efficiently maintain our highways and sidewalks during the four seasons there has been extra expenditures of \$2,806.60.

During the past two years, while operating with a 10% reduction in the Town Tax, the Net Indebtedness of the Town has increased \$9,689.03. It should not be overlooked that during this two-year period \$14,949.02 was spent on new equipment.

Our Welfare Expense (\$2,768.21) increased 41.9% over last year and 62.9% over 1945. It appears that there is no limit to the liability of a Town in connection with this division of its affairs. The activities in this department have been most unusual during the past year.

In addition to our expenses for Welfare the State Department of Social Welfare has contributed greatly to the assistance of the needy in our community. A full report of such payments is printed on the next page.

We appreciate the assistance given to us during the past year by our Townspeople and the State Officials. We always welcome your cooperation and we invite suggestions from those interested in making our community a better place in which to live.

The Selectmen meet regularly, Thursdays at 5:00 P.M. in the Town Clerk's Office. Problems pertaining to Town affairs may be presented to this Board at these times.

JOSEPH F. SHERLOCK,
FRANK J. OLNEY,
EDWARD W. OLSON,
Selectmen.

VERMONT DEPARTMENT OF SOCIAL WELFARE 120 STATE STREET MONTPELIER, VERMONT

Since payments by the State have a considerable part in lowering local tax rates the following information is furnished as a public service for inclusion in your Town Report.

Payments to persons found in or applying from
Proctor, calendar year ending December 31, 1947:

For Old Age Assistance	\$4,125.00
Blind Assistance	525.00
Aid To Dependent Children	2,508.48
Adult Crippled Aid	—
Committed Children	81.42
Total	<hr/> \$7,239.90

The newly established Department of Social Welfare administers programs formerly administered by the Department of Public Welfare and the Old Age Assistance Commission. It is responsible for the determination of eligibility and continuation of eligibility and within the limitations of money available, for the payment of financial assistance to approximately 9,000 individuals in various categories from youth to old age. Increase in the cost of living, unemployment, family insecurity, divorce, sickness, lack of housing, inadequate social security benefits, exhaustion of savings and a longer life span are factors in applications for aid and the amount of need.

This agency endeavors to function with kindly consideration of human needs and the practical and efficient expenditure of public funds. We appreciate the information and advice of so many who have cooperated with us in the past twelve years.

Very sincerely yours,
W. ARTHUR SIMPSON,
Commissioner.

REPORT OF
COOPERATIVE BLISTER RUST CONTROL WORK
TOWN OF PROCTOR, VERMONT

1947

During 1947 the Town of Proctor and the Vermont Marble Company provided \$300.00 for White Pine Blister Rust Control work. The Vermont Marble Company provided \$200.00 and the Town of Proctor \$100.00. The local money was used in cooperation with funds made available by the U. S. Department of Agriculture and the Vermont Forest Service for control of the disease within the confines of the Town.

Blister Rust eradication work was started in the northwestern part of Proctor on May 24 and continued until June 9. Another period of work began on August 12 and continued until August 29. The eradication work consisted of removal of currant and gooseberry bushes (*Ribes*) within infecting distance of white pine stands.

During the period of work in Proctor, Blister Rust infections were found in all pine areas examined. The 1947 work, however, protects these areas from further spread of the disease for another eight to ten years, after which time additional work may be necessary in order to maintain the control now established.

1947 Work Summary

Total acres cleared of <i>Ribes</i> (currants and gooseberries)	542
Acres of white pine protected	167
Number of wild <i>Ribes</i> removed	8,488
Total man hours (Town)	428½
Total man hours (Federal)	517½
Town expenditures (for labor only)	\$299.95
Federal and State expenditures (labor, transportation and materials)	\$537.88

The 1947 eradication completed all work needed at this time in Proctor therefore no appropriation for 1948 will be requested. The cooperation of the Town of Proctor and the Vermont Marble Company during the past three years is sincerely appreciated and we wish to take this opportunity to express our gratitude. If, in the future, additional work is required we hope that we will find the same spirit of cooperation in the Town.

M. R. MULHOLLAND,
Plant Pathological Inspector.

HIGHWAY COMMISSIONER'S REPORT

It has been possible this year to extend the surface treatment of our gravel roads to Meadow Street, Willow Street, Patch Street and Beaver Pond Road.

This makes the following classification of the Proctor Highways:-

State Highway	1.894 miles	Surface Treated
Selected Highways	8.850 miles	Surface Treated
Town Highways	8.000 miles	Surface Treated
Town Highways	1.556 miles	Improved Gravel
<hr/>		
Total	20.300 miles	

Retreatment work was done on Ormsbee Avenue, Oak Street, Cross Street, West Street, School Street, North Street and Florence Road. Heavy applications were made on West Street, East Street, South Street and School Street.

Sand and gravel for this years work was obtained from the local pit and from Forestdale.

It is hoped that about half of the remaining Improved Gravel roads can be surface treated next summer. Also that the cement surface on Main Street and South Street can be re-surfaced with a pre-mixed, hot asphalt material such as is being applied to portions of other State Highways.

A Trailer type Tar Kettle was purchased which is similar to one that was frequently borrowed from the State. It is much more satisfactory to have one to use when necessary than to wait for the time when one can be borrowed. (Picture on inside cover.)

The new Tractor sidewalk plow is much more satisfactory than the wheel Tractor. With another blade it has also been useful during the summer as a light bulldozer at the dumps and for other jobs. (Pictures on inside cover.)

The East Creek Flood last June did no damage to the roads or bridges in Proctor. Once again it was possible to loan our equipment and manpower to help out in some of the stricken areas.

The equipment that the Town now owns makes it possible to handle the winter maintenance problems more promptly and completely. Only during the storms is it impossible to keep all highways safe for proper winter driving.

F. J. OLNEY,
Highway Commissioner
